

Neue Fördermöglichkeiten durch EuroNanoMed III

**Informations- und Netzwerkveranstaltung
der Deutschen Plattform NanoBioMedizin**
12th December 2016, Frankfurt/Main

Dr. Alexandra Brennscheidt

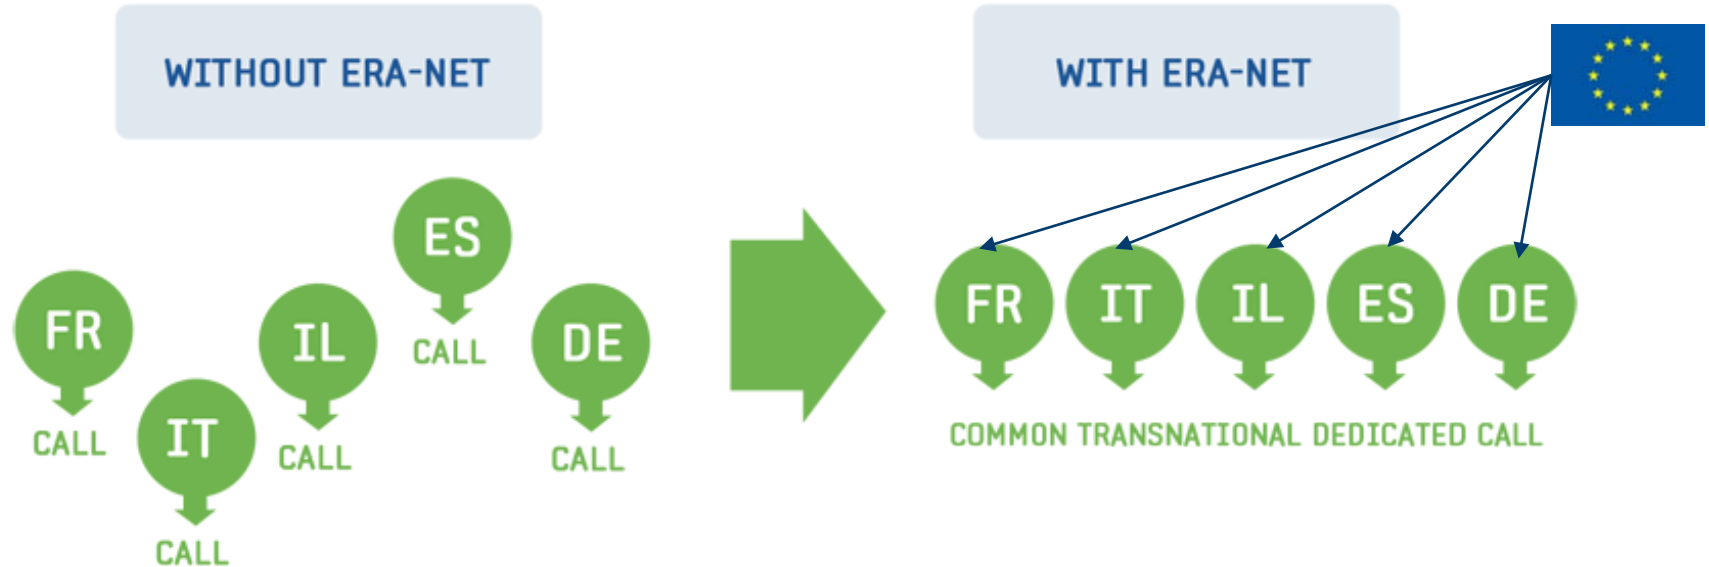

What is EuroNanoMed?

EuroNanoMed is a platform for funding organizations to coordinate research and technology programs with the goal of funding collaborative **research and innovation projects that could convert research in nanotechnology into practical gains in medicine**

- EuroNanoMed II is finished on 31st October 2016 (FP7)
- A new phase of ENM started on 1st November under the ERA-Net Cofund instrument (Horizon 2020)

Principle of ERA-NET Cofund scheme

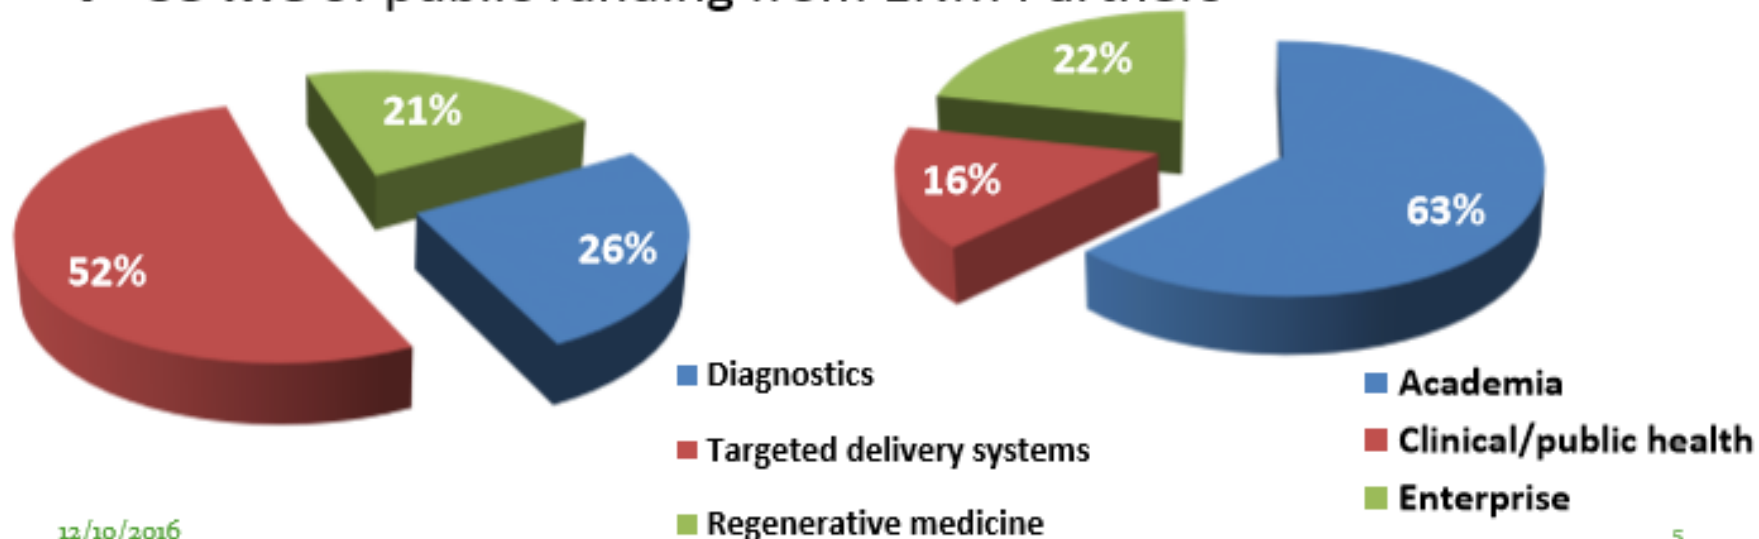

- EC supports:
 - coordination costs of funders (glue-money)
 - Cofunds the selected projects (top-up)
- Each country funds the research in their own countries

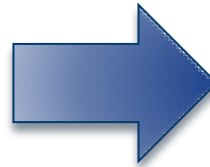

ENM Joint Calls

Seven calls for projects launched so far:

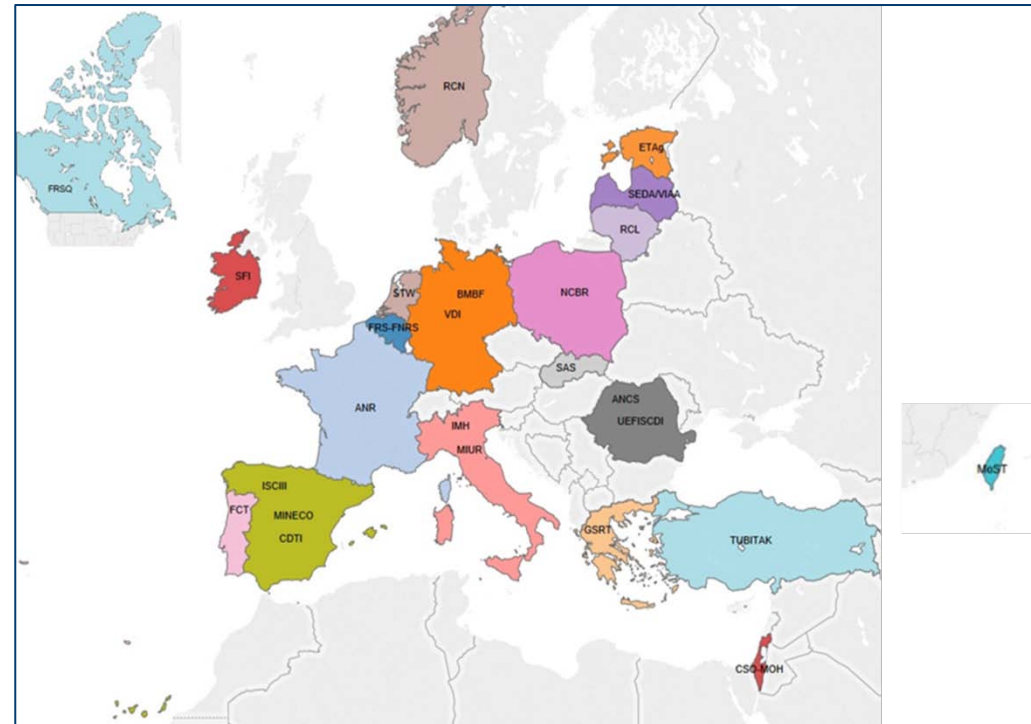

- **61 projects** have been funded
- Average **success rate: 19%**
- **319** research teams from **25** different countries/regions
- **89,7 M€** have been mobilized
- **53 M€** of public funding from ENM Partners

- 20 partners in 17 countries/regions

- 25 partners in 19 countries/regions

What's new?

- New countries:
 - **Canada (Québec)**
 - **Estonia**
 - **Ireland**
 - **Taiwan**
 - **The Netherlands**
 - **Turkey**
- ENM III aims at **more industry involvement** to bring research results to clinical applications and the market

8th Joint Transnational Call

- The aims of the call are:
 - To support **translational research projects** that combine innovative approaches in the field of nanomedicine
 - To encourage and enable **transnational collaboration** between public and private research groups (Academia, Clinical, Industry)
- Topics: **Targeted delivery systems, Diagnostics and Regenerative Medicine**
- Participation from at least 3 different countries
- Consortia from 3 to 5 (7) eligible partners
- Central rules and national rules

8th Joint Transnational Call

- **Innovation applied research projects:** Proof of concept projects for innovative applications with analytical/experimental research and/or implementation and integration of components and test in laboratory and/or animal models (TRLs 3-4)
- **Projects with high potential of applicability at short/medium term:** Projects closer to the market for the validation of demonstrators and prototypes in a realistic laboratory (for TRL 5) and/or relevant simulated operational field environment (for TRL-6)

8th Joint Transnational Call

- Call opened

14th November 2016

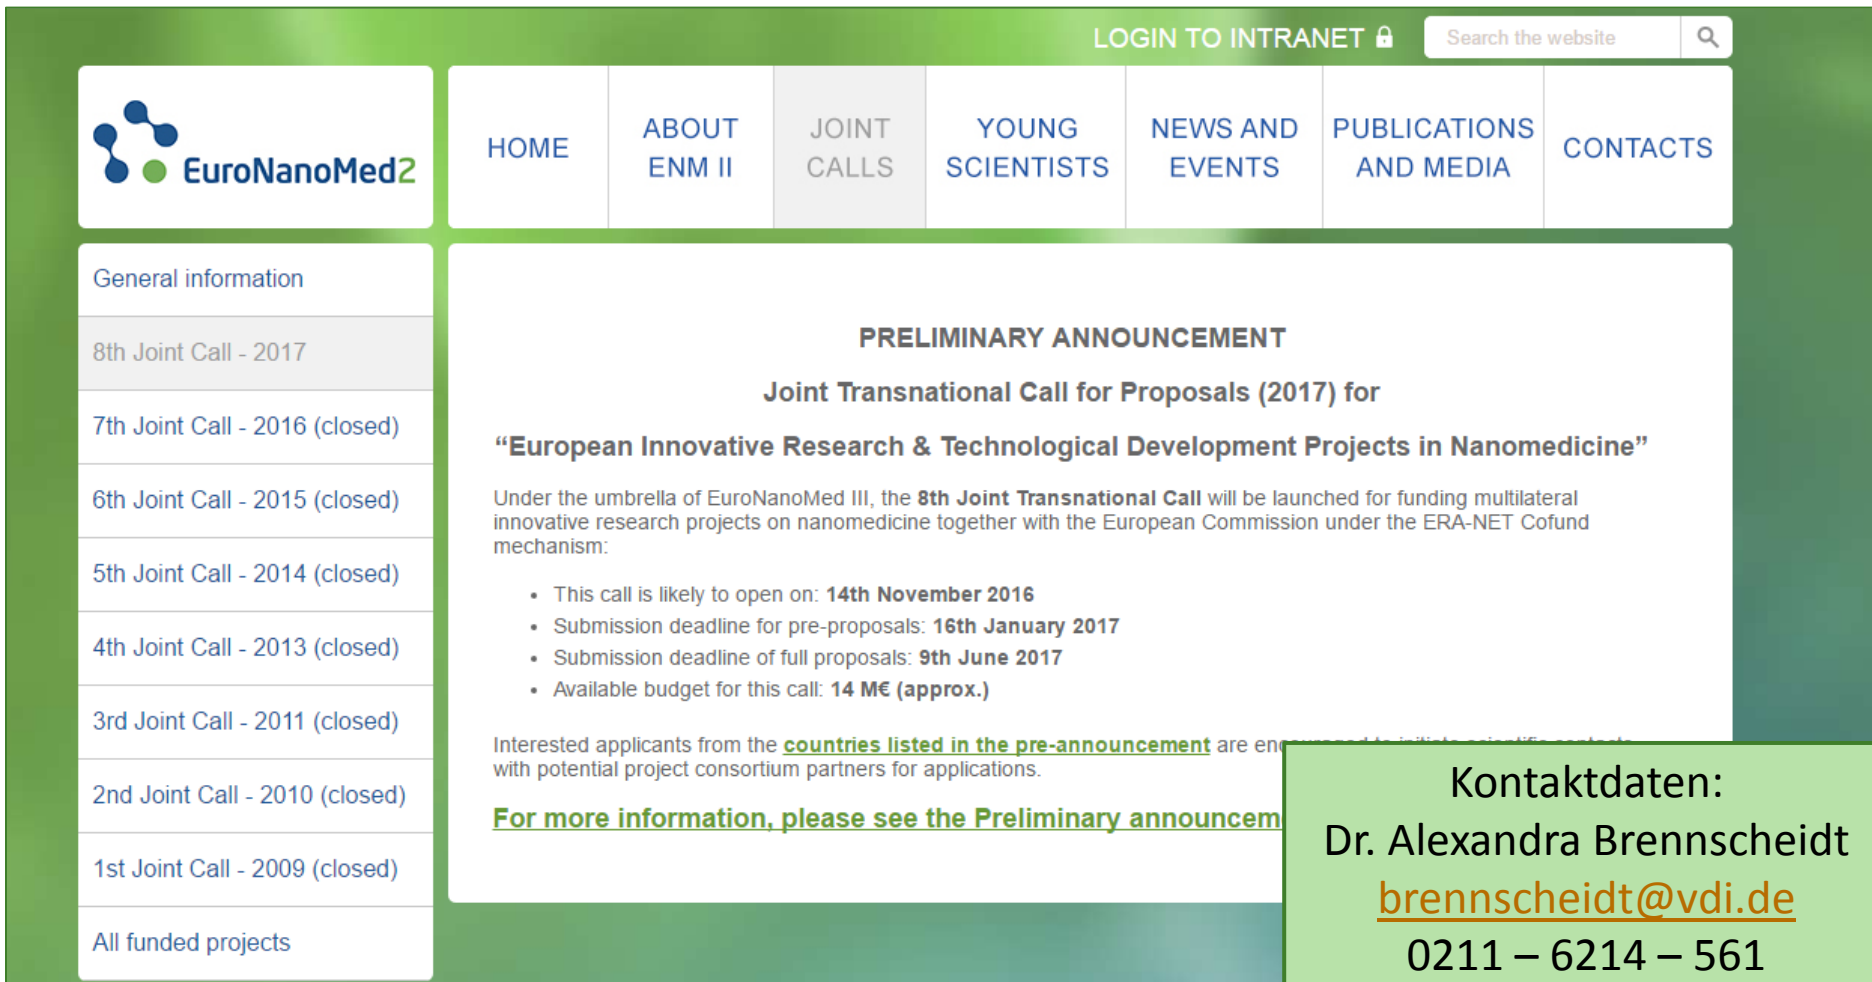

- Submission deadline for pre-proposals: **16th January**
 - Pre-proposals with 5 pages maximum
- Submission deadline of full proposals: **9th June 2017**
- Budget for this call: **14 M€ (app.)**

8th Joint Transnational Call

- Spezielle Regeln für deutsche Antragsteller
- **bei deutscher Beteiligung muss einer der deutschen Partner ein deutsches Unternehmen sein**, das ein klares Konzept für eine spätere standortbezogene Verwertung seiner Ergebnisse vorlegt
- **Zusätzlich Projektskizze (ca. 10 DIN-A4 Seiten) in deutscher Sprache bis spätestens zum 16. Januar 2017** (<https://foerderportal.bund.de/easyonline>)
- <https://www.bmbf.de/foerderungen/bekanntmachung-1279.html>

General information

- 8th Joint Call - 2017
- 7th Joint Call - 2016 (closed)
- 6th Joint Call - 2015 (closed)
- 5th Joint Call - 2014 (closed)
- 4th Joint Call - 2013 (closed)
- 3rd Joint Call - 2011 (closed)
- 2nd Joint Call - 2010 (closed)
- 1st Joint Call - 2009 (closed)
- All funded projects

PRELIMINARY ANNOUNCEMENT

Joint Transnational Call for Proposals (2017) for “European Innovative Research & Technological Development Projects in Nanomedicine”

Under the umbrella of EuroNanoMed III, the **8th Joint Transnational Call** will be launched for funding multilateral innovative research projects on nanomedicine together with the European Commission under the ERA-NET Cofund mechanism:

- This call is likely to open on: **14th November 2016**
- Submission deadline for pre-proposals: **16th January 2017**
- Submission deadline of full proposals: **9th June 2017**
- Available budget for this call: **14 M€ (approx.)**

Interested applicants from the [countries listed in the pre-announcement](#) are encouraged to initiate discussions with potential project consortium partners for applications.

[For more information, please see the Preliminary announcement](#)
