

Workshop

Scale-up and GMP Production - Requirements, Challenges and Practical Implementation

19 March 2018 / Frankfurt, DECHEMA

Agenda

- 10:30 Welcome (*C. Steinbach, DECHEMA*)
- 10:35 Introduction to the workshop topic and the German Platform for NanoBioMedicine
(*K.-M. Weltring, Bioanalytik Münster, Germany*)
- 10:45 Early Phase Implementation of GMP in Academic Environment
(*S. Dembski and O. Pullig, Fraunhofer-Institut für Silicatforschung ISC, Germany*)
- 11:15 Scale-up and GMP manufacturing in a pilot plant: The EU project NanoPilot
(*J. Loinaz, CIDETEC, Spain*)
- 11:45 Coffee break
- 12:15 Elevator pitches (*Institutions, Companies, Projects*)
- 13:15 Lunch at DECHEMA
- 14:15 Iron Oxide Nanoparticles for Biomedicine
(*C. Alexiou, SEON, University Hospital Erlangen, Germany*)
- 14:45 GMP facility in a clinical environment
(*R. Heimke-Brinck, Pharmacy of the University Hospital Erlangen, Germany*)
- 15:15 Scale-Up and GMP production in a service company: A great opportunity for SMEs
(*S. Meeuwissen, Chemconnection, Netherlands*)
- 15:45 Wrap-up: Summary and open discussion
- 16:15 Closure
